LIBRARY EVENTS

Star Wars is most well-known for its films, in more than 35 years since the first Star Wars movie was released, literally thousands of novels, children's books and graphic novels have been published. As a result most community libraries have a wealth of Star Wars material, a children's interest in Star Wars can provide an easy gateway to spark their interest in books. Garrison Carida® has been called in to support many Star Wars events at Pennsylvania's Public Libraries, aimed at bringing young fans of the "galaxy far, far away" into the fantastic world of reading.
